

Remarks

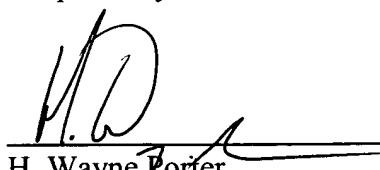

The office action of February 10, 2005 has been carefully reviewed and these remarks are responsive thereto. Reconsideration and allowance of the instant application are respectfully requested. Claim 33 is pending and stands rejected. Claim 33 is amended herein. No new matter has been introduced.

The office action rejected claim 33 under 35 U.S.C. § 112, second paragraph, indicating that there is insufficient antecedent basis for the phrase "said alignment." The office action further indicated that claim 33 would be allowable if rewritten or amended to overcome this rejection. Applicants acknowledge with appreciation this indication of allowable subject matter.

Applicants herein amend claim 33 to change "said alignment" to "self alignment." Applicants note that "said alignment" was a typographic error inadvertently introduced in the preliminary amendment filed with the application. Claim 33, as contained in the specification before amendment, recites "self alignment."

The amendment herein resolves the § 112 rejection, and the application is now in condition for allowance. Applicants respectfully request early notification of same. Should the Examiner believe that anything further is desirable in order to place the application in even better form for allowance, the Examiner is respectfully urged to contact Applicants' undersigned representative at the below-listed number.

Respectfully submitted,
